The Liberators: Why We Fought

Documentary, Germany, 2015, 53 min
 Director: Emanuel Rotstein
 English and German with English Subtitles

Brought to you from the History Channel Germany, this film features the personal memories of some of the last living veterans, taking viewers on a journey from the quaint U.S. hometowns to the shores of Europe and their final march through Nazi Germany. This heroic story of the liberators is interwoven with the accounts of some of the few remaining survivors of Dachau who owe their lives to these American soldiers. Today, both liberators and survivors, with a bonded relationship, share the determination that the world must never forget. The film features interviews with local survivors, Ben Lesser and Joshua Kaufman.
